
Moses-Azuoru George

SOFTWARE AND WEB DEVELOPER

Lagos State, Nigeria | +2348164611787 | azuorugeorge@gmail.com | [GitHub](#) | [FluxCraft](#)

Profile Summary

I am a versatile **Software Developer** with expertise in **C# backend development** and **web development**, specializing in building robust **APIs** and integrating them into dynamic, user-friendly applications. My skill set spans designing efficient **RESTful APIs** using **ASP.NET Core**, crafting engaging interfaces with **ASP.NET Core MVC**, and utilizing **HTML, CSS, and JavaScript** for responsive designs. With a strong commitment to clean, maintainable code and seamless functionality, I bring value to every layer of application development.

Experience

- **Currency Exchange App:**
Developed a C#-based application that converts global currencies in real time, leveraging APIs for exchange rate updates and designing a user-friendly interface using ASP.NET Core MVC.
 - **REST API Development (ASP.NET Core):**
Built APIs to handle complex backend processes, ensuring smooth database interactions, efficient data management, and reliable service delivery for multiple applications.
 - **Weather Forecast App:**
Designed and deployed a weather app using **.NET MAUI** with live API integration for real-time weather data, ensuring cross-platform compatibility.
 - **Simple Quiz Application:**
Created a basic quiz app to demonstrate handling user input, logic flow, and error management in C#.
 - **Car Dealer Application (Ongoing):**
Working on a web application combining ASP.NET Core APIs with an intuitive frontend interface, enabling car listings, inquiries, and admin functionalities for uploading new content.
-

Education

- **Elizade University (2020–2024)**
BSc in Computer Science
Graduated with a CGPA of **3.7/5.0**.
-

Skills and Abilities

Backend Development

- Proficient in **C#, .NET Core**, and **ASP.NET Core API**.
- Expertise in **object-oriented programming (OOP)** principles.
- Skilled in designing and integrating **RESTful APIs** for scalable systems.

Web Development

- Strong experience in **ASP.NET Core MVC** for frontend and backend integration.
- Knowledge of **HTML, CSS, and JavaScript** for creating responsive web interfaces.

Database Management

- Skilled in using **Microsoft SQL Server** and **OLE DB** for efficient data handling.

Cross-Platform Development

- Experienced in developing apps using **.NET MAUI** for desktop and mobile platforms.

Other Skills

- Strong debugging, problem-solving, and team collaboration abilities.
- Proficient in tools like **Git/GitHub**, **Visual Studio**, and **Azure DevOps**.

Programming Tools

- **C#, ASP.NET Core MVC, ASP.NET Core API**
- **.NET Framework/.NET Core, .NET MAUI**
- **Microsoft SQL Server, OLE DB**
- **Git/GitHub, Swagger, Visual Studio**
