PROFILE SUMMARY

More than 10 years of professional experience as a Senior C# Backend Developer in the development of high-performance backend systems with .NET and ASP.NET Core. Proven track record of designing and releasing scalable microservices, RESTful APIs, and enterprise applications. Experienced with SQL Server, Azure cloud, and big distributed systems. Excelled in remote-first finance, energy, and cloud services firms.

TECHNICAL SKILLS

Languages & Frameworks: C#, ASP.NET Core, .NET 6/7, Razor, LINQ, Entity Framework, JavaScript
Backend Skills: RESTful APIs, Microservices, Clean Architecture, CQRS, SOLID, Background Services
Databases: SQL Server, Azure SQL, PostgreSQL, EF Core
Cloud & DevOps: Azure, Docker, GitHub Actions, Azure App Services, Kubernetes (beginner)
Tools: Swagger, Postman, Visual Studio, Git, Jira, Agile, TDD

PROFESSIONAL EXPERIENCE

Senior Backend Developer – ExxonMobil (Remote)
2021 – Present

- * Designed APIs that power logistics and refinery data systems

- * Deployed microservice architecture with Azure Service Bus

- * Included Azure Blob Storage integration

- * Improved performance by 40% through profiling and optimisation

Backend Engineer – JPMorgan Chase (Remote)
2018 – 2021

- * Designed real-time APIs for banking applications

- * Implemented OAuth2 and JWT authentication

- * Migrated .NET Framework apps to .NET Core

.NET Developer – Shell Energy (Remote)
2015 – 2018

- * Designed systems for controlling oil field equipment

- * Integrated with SCADA platforms and real-time APIs

* Migrated monoliths and SQL Server managed databases

EDUCATION

B.Sc. Computer Science – Elizade University

* Final year project: *Design and Implementation of a Distributed REST API for Academic Platforms*

* CGPA: 4.2 / 5.0

CAREER HIGHLIGHTS
* 10+ years of backend expertise

* Designed cloud-first solutions for Fortune 10 companies

* Developed systems used by millions in banking and energy industries

* Improved system response speeds up to 70%

BONUS SKILLS
* **Video Editing:** 4 years with After Effects, 1 year with Blender

* **VFX and Compositing** proficiencies
